

## **Wiltshire Health and Care – Register of Interests**

Wiltshire Health and Care LLP is committed to openness and transparency in its work and decision making.

As part of that commitment, we maintain and publish this Register of Interests which draws together Declarations of Interest made by members of the Board, and those working for the organisation with significant control (those who sit on our Executive Committee or Board, plus anyone else in an 8D or above role).

### **How we ensure conflicts are taken into account in our decision making**

Board Members are required to register any relevant and material interests as soon as they arise, or within seven clear days of becoming aware of the existence of the interest.

As such the Board Member will contact the Company Secretary to provide notification of the interest so that our Register of Interests may be updated as appropriate.

At the commencement of each Board meeting, Members of the Board are required to declare any interests.

The Board will receive the Members' Register of Interests annually to assure the Board that the Register is being maintained and that there are no conflicts of interest which could adversely affect the LLP and its operations.

It is the responsibility of the Company Secretary to ensure that at all times the Board takes into account relevant conflicts in its decision making, and will bring to the attention of the Chair and known conflicts that may be relevant to the discussion.
